

## TOTAL SOLUTION PACKAGE

Compansol, Inc. provides a Total Solution Package (TSP) that helps TRiO programs to enhance productivity, reduce paperwork, and maximize return on investment. These solutions help TriO Programs solve critical challenges, capitalize on the value of their Information technology investments, and create an efficient, effective work environment.

The Total Solution Package includes the following:

### **Blumen Software** (Server / Standalone version)

This CD includes a license<sup>1</sup> for unlimited number of computers<sup>2</sup> or servers and an electronic copy of the users guide.

### **Blumen Workstation** (Client / Multi-user version)

This CD includes a license<sup>1</sup> for unlimited number of client computers<sup>2 - 3</sup> and an electronic copy of the users guide.

### **Blumen User's Guide** (maximum 10 copies)

A paper copy of the complete electronic user's guide is included.

### **Data Transfer**

We will transfer your existing data from any computer application/software into Blumen eliminating the need to re-entry data.

### **On-site Assistance**

A Compansol representative will be available<sup>4</sup> for two day training session which includes one day of Installation<sup>3</sup> for personnel at your location if needed. Contact Compansol for appointments.

***Detailed information about each of the above topics is available. Please see attached documentation.***

<sup>1</sup> The licence is limited to one grant.

<sup>2</sup> Maximum 10 standalone computer or 1 server and 10 client computers.

<sup>3</sup> For security reasons a representative from your IT department should be present during the installation process.

<sup>4</sup> Contact Compansol to verify availability (regular working hours 8:00 am to 4:00 pm).

<sup>5</sup> 2<sup>nd</sup> day hours are subject to travel arrangements.
